The Karon Cafe' Story

Welcome to Karon Cafe, owned and operated by Bolder Business Associates. Back in 1989, Norsk-American Eric and his wife Sao came to Karon Beach on Honeymoon. The beautiful sunsets, Aquamarine Ocean, and Snow white beach lured us to move here and establish a great place to eat and sleep with top quality at reasonable prices; an outpost in Paradise for weary travellers and relaxed sunbathers. The Karon Cafe' Inn was born. Started as an American style coffee shop restaurant which served Steaks on the side, Eric's Colorado style steaks quickly gained popularity amongst folks all around the island. By 1992, the Cafe' was known as the only real Steakhouse in Phuket because we it was the only place where you could get Air-flown Fresh Chilled Australian Beef at reasonable prices. So actually the Karon Cafe' became the first Steakhouse in Karon Beach by accident. In 1996, we decided to open a second restaurant and guest-house. It was born as Las Margaritas because Eric wanted to feature Southwestern US cuisine also known as Tex-Mex. But since there aren't a lot of folks who want to eat Tex-Mex everyday, Eric went on to expand the menu to what is now known around the world as Tropical Fusion Cuisine. After both Karon Cafe' and Las Margaritas became successful, Eric (formerly a Banker and Real Estate Developer) decided to put the old skills back to work and build a resort. Hence, Pacific Club Resort was conceived. Pacific Club officially opened in March of 2005, just after the Indian Ocean tsunami (great time to open a new resort(:). As has been the philosophy at Bolder Business for nearly 20 years now, Karon Cafe is focused on the concept of providing top quality at reasonable prices. And you can enjoy a wide range of cuisine based on the 19 years of experience we've had right here in our home.

Letter from the Chef,

Since we opened Karon Cafe in 1989, many of our kitchen staff have remained with us for a long period of time (over 10 years). Most of them started working for us as their first job. Therefore they learned everything from us and also have no bad habits from working at other restaurants. This contributes to the fact that you will find our menu to be exciting and different from any other restaurant in the world. We hope you enjoy it, and I would also like to thank our staff for being with us so long.

Since opening Pacific Club, we now have **"The Meat Locker"**, our own Chilled Beef Storage Locker in the basement at Pacific Club, which allows us to buy in larger quantities in order to control quality and get a better prices. I hope you enjoy our finer cuts of Beef and Lamb.

For your protection, we have an ultra modern kitchen and use top quality environmentally friendly Ecolab products for sterilization. Please feel free to inspect our kitchen and stock at any time and **YOUR COMMENTS ARE WELCOME.**

Kind Regards and Thank You,

Chef Eric
